

Charles R Johnson - Pure Country

Press/RELEASE/BIO -

Charles Johnson announces the release of his new Country Music Album - "Pure Country"

Formerly of the Country Music Group The Lonesome Strangers, and Freakrockers Honkey Bitch, Mr. Johnson has decide to investigate the Alt-Country, Neo-Roots leanings of his ancestors. . .

Long Time Gainesville Florida resident, and local iconoclast, Johnson spent a portion of his young life in the Texas Hill Country learning Texas History and listening to "Cowboy" Music being beamed from Powerful Transmitters located somewhere in the West Texas Desert. He claims to have picked Quirky, Catchy Rhythms to "soothe the Savage Breast", or at least give it a moments amusement.

He characterizes his Music as "Music that Won't Hurt Yer Mama's Ears", and further explains that if you don't listen and enjoy his music that he'll "Track you down and teach you the Texas Two-Step."
